

Community College Enrollment and Federal Loan Program Participation Status

Source: Integrated Postsecondary Education Data System, 2007-08 12-month enrollment by ethnicity. Loan participation status is inferred from the National Student Loan Data Systems, using Stafford loan volume in 2007-08. This list reflects our most up-to-date knowledge of institutional loan program participation; please contact us if the participation status listed for an institution has changed. For complete methodology, refer to the corresponding report, *Getting With the Program: Community College Students Need Access to Federal Loans*, available at www.ticas.org.
